

Projects' reports

Please be informed that the deadline to submit your **L3** projects' reports to the Department is set for the **29th of November 2020**. In order to minimize contamination risks due to physical contact, students are asked to only submit, **via e-mail** to the following address:

reports-igee@univ-boumerdes.dz ,

a **PDF** version of their **final report** before the given deadline. Students need to consult with their project supervisors before submitting their final reports.

Best Regards.
